PROFESSIONAL SUMMARY

Computer Science graduate and entry-level Java Full Stack Developer who completed a six-month full stack internship building REST APIs with Java and Spring Boot, responsive interfaces with React.js, and MySQL-backed applications. Independently designed and runs a live e-commerce website familiar with microservices and Docker. Seeking a Junior Software Developer or Data Analyst role to contribute to a development team and keep building technical depth.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C, C++, JavaScript (ES6), SQL
- **Backend:** Spring Boot, REST API Development, Microservices Architecture, Spring Data JPA / Hibernate, MVC Architecture
- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Responsive Web Design
- **Databases:** MySQL, Relational Database Design, Writing Queries (Joins, Subqueries, Indexing)
- **Data Analytics:** Data Cleaning, EDA, Data Visualization, Dashboards, Pandas, NumPy, Power BI
- **Tools and Platforms:** GitHub, Docker, Postman, IntelliJ IDEA / VS Code, Maven, Vercel, WordPress
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures and Algorithms, DBMS, Operating Systems, Computer Networks, RESTful Web Services, SDLC, Agile/Scrum Basics, Machine Learning Fundamentals, Generative AI and Prompt Engineering
- **Additional Technical Areas:** Machine Learning, Ethical Hacking, Mobile Application Development
- **Professional Skills:** Problem Solving, Analytical Thinking, Team Collaboration, Communication, Leadership, Entrepreneurial Mindset, Time Management, Adaptability and Quick Learning

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern | Izeon Innovative Pvt Ltd, Chennai, India March 2026 - August 2026

- Developed and maintained web applications using Java and Spring Boot, building REST APIs to handle server-side business logic and client-server data exchange.
- Designed responsive user interfaces with React.js, JavaScript, HTML5, CSS3, and Bootstrap, ensuring consistent rendering across desktop and mobile screens.
- Integrated MySQL databases for CRUD operations, tested API endpoints using Postman, and managed source code with Git across a six-month development cycle.

PROJECTS

Finance Tracker - Personal Budget Management Application | *HTML5, CSS3, JavaScript*

- Developed a responsive personal finance planner for recording income, categorising expenses, and setting monthly budgets.
- Implemented interactive expense tracking and real-time budget calculation logic in JavaScript.

Telco Customer Churn Analysis - Data Analytics Project | *Python, SQL, MySQL, Power BI*

- Analysed 7,043 customer records to identify a 26.54% overall churn rate, cleaning and validating the data in Python (Pandas, NumPy) and loading it into MySQL for analysis.
- Wrote SQL queries to analyse churn by contract type, tenure, payment method, and internet service, and built an interactive Power BI dashboard covering churn KPIs, demographics, and service usage.

EDUCATION

Master of Computer Applications (MCA) | SRM Institute of Science and Technology 2026 - 2028 (Pursuing)

Bachelor of Science (B.Sc.) in Computer Science | Kongunadu Arts and Science College, Coimbatore 2023 - 2026

CGPA: 7.0 / 10

CERTIFICATIONS AND ACHIEVEMENTS

- Generative AI - Introduction and Applications; Prompt Engineering Basics; Enhance Your Data Analytics Career - IBM (Coursera), March 2026
- Foundations of User Experience (UX) Design - Google (Coursera), February 2026
- Practical Python: Start Your Programming Journey - Duke University (Coursera), December 2025
- National Cadet Corps (NCC) 'C' Certificate holder, Grade B, reflecting discipline, leadership, and team coordination.
